Kentucky Retirement Systems

Understanding Your Retirement Benefits

Informational Handbook For
Hazardous Duty Employees

Kentucky Employees Retirement System (KERS)
County Employees Retirement System (CERS)
State Police Retirement System (SPRS)
What Is Kentucky Retirement Systems?

The Commonwealth of Kentucky provides retirement benefits for most state and county employees through the Kentucky Retirement Systems (Systems). The Systems is governed by a nine member Board of Trustees and consists of three separate Retirement Systems:

**Kentucky Employees Retirement System (KERS)**
*Established July 1, 1956 for state employees*

**County Employees Retirement System (CERS)**
*Established July 1, 1958 for local government employees and classified school board employees*

**State Police Retirement System (SPRS)**
*Established July 1, 1958 for uniformed Kentucky State Police officers*

Funding for retirement benefits is provided by employee contributions deducted from an employee’s wages, employer contributions paid by each state and county agency participating in the Kentucky Retirement Systems, and investment income.

The employee contribution rate is set by state statute. Hazardous employees currently contribute 8% of total gross earnings.

Employers contribute at the rate determined by the Board of Trustees to be necessary for the actuarial soundness of the systems, as required by Kentucky Revised Statute 61.565.

Contributions to the Systems are currently tax deferred.

When Can I Retire?

For Hazardous members, the requirements for **Normal Retirement** are:

A hazardous member, age 55 or older, with at least 1 month of hazardous duty service credit may elect to receive a benefit for life that is an actuarial equivalent to twice the member’s contributions and interest.

A hazardous member, age 55 or older, with at least 60 months of hazardous duty service credit, is eligible to receive an unreduced benefit based on the member’s salary and service.

For Hazardous members, the requirements for **Early Retirement** are:

A hazardous member with 20 or more years of service credit may retire at any time with no reduction in benefits.

A hazardous member, age 50, with at least 15 or more years of service credit, may retire with a reduction in benefits.

If a hazardous duty member is eligible for a reduced benefit, the amount of reduction will depend upon the member’s age or years of service at retirement. The following chart shows reductions for age or service.

| % of Benefit Paid For Each Year A Hazardous Member is Short of 20 Years of Hazardous Duty Service or Age 55 |
|---|---|---|---|
| 1 Year: | 94.5% | 4 Years: | 78.0% |
| 2 Years: | 89.0% | 5 Years: | 72.5% |
| 3 Years: | 83.5% |

How Is My Monthly Benefit From the Systems Calculated?

The three systems administered by the Systems are qualified defined benefit plans. A defined benefit plan pays benefits based on a formula. The formula for calculation of benefits is:

\[
\text{Final Compensation} \times \text{Benefit Factor} \times \text{Years of Service} = \text{Annual Benefit}
\]

**Final Compensation**

For hazardous members, final compensation is the average of the three (3-high) fiscal years during which the member had the highest monthly average salary. Final compensation is determined by dividing the total salary earned during the period (3 highest fiscal years) by the total months worked during the period and then multiplying by twelve (to annualize the value).
Final Compensation based on the 3 highest fiscal years must include at least 24 months and a minimum of three fiscal years. If the years with the highest monthly average do not contain the 24 months required, additional years must be added into the Final Compensation until the minimum number of months required has been obtained. The fiscal years do not have to be consecutive, although for most members, the last years are generally the years of highest earnings.

**Hazardous Duty Benefit Factors**

The benefit factors applied to service in an approved hazardous duty position are:

- KERS Hazardous Duty: 2.49%
- CERS Hazardous Duty: 2.50%
- SPRS: 2.50%

**Years of Service**

The service used to determine retirement benefits includes current service, prior service, purchased service, and sick leave service (if your agency participates in a Systems approved sick leave program).

1. **Current Service**: Current service is service earned as a contributing member. For each month in which wages and contributions are reported for regular full-time employment, a member earns one month of service credit.

   A regular full-time position is a position that averages 100 or more hours per month over a calendar or fiscal year.

2. **Prior Service**: Prior service is all service rendered before July 1, 1956 in KERS and July 1, 1958 in CERS and SPRS. There is no cost for this service. A member must have a minimum of 12 months current service in the same system in which he has the prior service in order to use the prior service toward a retirement benefit. Prior service is only credited for months in which the member worked at least 100 hours in performing his job duties.

3. **Purchased Service**: There are more than 30 types of service a participating member may purchase in order to increase service credit. The requirements for each purchase type are regulated by state statute and the appropriate verification must be filed with the Systems before the purchase cost can be calculated.

4. **Sick Leave Service**: Most members of KERS and SPRS receive service credit for all unused accumulated sick leave at the time of retirement. Members of CERS may receive service credit for their sick leave at the time of retirement if their employer has adopted a sick leave program with the Systems. There are two types of sick leave that the CERS employer may adopt – Standard or Alternate.

---

**EXAMPLE**

**Bobby Doe is a hazardous employee and is planning to retire August 1, 2006. Bobby’s Final Compensation at this retirement date is detailed below.**

<table>
<thead>
<tr>
<th>Fiscal Year</th>
<th>Salary</th>
<th>Mos.</th>
</tr>
</thead>
<tbody>
<tr>
<td>2006-2007</td>
<td>$3,666.67</td>
<td>1</td>
</tr>
<tr>
<td>2005-2006</td>
<td>$42,000.00</td>
<td>12</td>
</tr>
<tr>
<td>2004-2005</td>
<td>$40,000.00</td>
<td>12</td>
</tr>
<tr>
<td><strong>Total:</strong> $85,666.67</td>
<td>25 Months</td>
<td>X 12 (to annualize value)</td>
</tr>
</tbody>
</table>

**Final Compensation:** $41,120.00

---

**EXAMPLE**

**Bobby Doe works in an approved hazardous duty position for an agency participating in CERS. He is retiring August 1, 2006 with a Final Compensation of $41,120.00 and 20 years of hazardous duty service credit. The formula at full retirement is as follows:**

\[
\text{Final Compensation} \times \text{Benefit Factor} \times \text{Years of Service} = \text{Annual Benefit}
\]

\[
\frac{41,120 \times 2.50\% \times 20\text{Years}}{12\text{Months}} = \frac{\$20,560}{\text{Month}} = \frac{\$1,713.33}{\text{Month}}
\]

\[
\text{A retiring member may elect to receive the Basic Option payment at the time of retirement. Additional payment options are available to meet the varying needs of retiring members.}
\]

---

**Can I Buy Additional Service Credit?**

There are more than 30 types of service an employee may purchase in order to increase service credit. The service must meet the following minimum requirements:

- The service must be full-time in accordance with KRS 61.510 and KRS 78.510.
- The service cannot be credited to another defined benefit retirement plan.
- The member or the employer must provide verification of employment as required by the Systems.
The Systems provides group rates on medical insurance and other managed care coverage for retired members. Participation in the insurance program is optional and requires the completion of the proper forms at the time of retirement in order to obtain the insurance coverage. The Systems provides access to health insurance coverage through the Kentucky Employees Group Health Plan for recipients until they reach age 65 and/or become Medicare eligible. After a retired member becomes eligible for Medicare, coverage is available through a Medicare eligible plan offered by the Systems. A retired member’s spouse and/or dependents may also be covered on health insurance through the Systems.

Benefits for Members Participating Prior to July 1, 2003

The Systems pays a percentage of the monthly contribution rate for medical insurance coverage based on the retired member’s years of service and type of service (hazardous or non-hazardous). The percentage of the monthly contribution rate paid is shown in the following table.

<table>
<thead>
<tr>
<th>Years of Service Credit</th>
<th>% Paid*</th>
</tr>
</thead>
<tbody>
<tr>
<td>At least 4 years but less than 10 years</td>
<td>25%</td>
</tr>
<tr>
<td>At least 10 years but less than 15 years</td>
<td>50%</td>
</tr>
<tr>
<td>At least 15 years but less than 20 years</td>
<td>75%</td>
</tr>
<tr>
<td>20 or more years</td>
<td>100%</td>
</tr>
</tbody>
</table>

*100% of the monthly contribution is paid towards the health insurance for a member, member’s spouse and dependents if the member is in a hazardous position and is disabled in the line of duty as a result of a duty-related injury, regardless of actual service. 100% of the monthly contribution is paid toward health insurance for the spouse and dependent children of a member who was in a hazardous position and dies in the line of duty regardless of the deceased member’s service. The insurance benefit will be provided as long as the spouse and dependent children are eligible for a monthly benefit.

If a member who began participating prior to July 1, 2003 has a spouse and/or dependent children, the Systems may also pay a portion of the monthly contribution towards a couple, parent plus, or family coverage plan. The portion paid toward couple, parent plus, or family coverage is based solely on the amount of service the member has in an approved hazardous position.
Naming a Beneficiary

Prior to retirement, a member may name a principal and contingent beneficiary for his or her retirement account by completing and filing a Form 2035, Beneficiary Designation, with the Systems. The principal beneficiary will receive benefits in the event of the member’s death. The contingent beneficiary will receive benefits in the event of the member’s death ONLY if all of the named principal beneficiaries are deceased. A beneficiary may be one individual, multiple individuals, the member’s estate, or a trust. Prior to retirement, a member may change his or her beneficiary designation at any time by completing and submitting a new Form 2035 to the Systems.

Percent of the Monthly Insurance Contribution Paid By the Systems For Spouse And Dependent Coverage

<table>
<thead>
<tr>
<th>Years of Hazardous Duty Service Credit</th>
<th>% Paid</th>
</tr>
</thead>
<tbody>
<tr>
<td>At least 4 years but less than 10 years</td>
<td>25%</td>
</tr>
<tr>
<td>At least 10 years but less than 15 years</td>
<td>50%</td>
</tr>
<tr>
<td>At least 15 years but less than 20 years</td>
<td>75%</td>
</tr>
<tr>
<td>20 or more years</td>
<td>100%</td>
</tr>
</tbody>
</table>

**EXAMPLE**

If a member who began participating prior to July 1, 2003 has 10 years of non-hazardous service and 10 years of hazardous service, KRS will pay 100% of the monthly contribution for the member and 50% of the difference between the single contribution and the contribution for couple, parent plus, or family coverage.

Members Participating On or After July 1, 2003

For a member whose participation began on or after July 1, 2003, eligibility for insurance benefits shall not be provided until the member has earned at least one hundred twenty (120) months of service in the state-administered retirement systems.

Hazardous Duty Members whose participation begins on or after July 1, 2003 will earn a contribution for insurance of fifteen dollars ($15) per month for each year of earned service.

Upon the retiree’s death, the spouse of a hazardous duty member will receive a monthly insurance contribution of ten dollars ($10) per month for each year of hazardous service provided the spouse is designated as beneficiary and remains eligible for monthly benefits upon the retired member’s death.

**EXAMPLE**

If a hazardous duty member began participating July 1, 2003 and retires with 20 years of actual hazardous service, the contribution paid by Systems for insurance coverage will be $300 per month. Upon the member’s death, the spouse, if eligible, would receive a monthly insurance contribution of $200 per month.

The monthly insurance contribution will be increased annually by the change in the Consumer Price Index (CPI) not to exceed 5%. The annual increase shall be cumulative and shall continue to accrue after the member’s retirement for as long as a monthly insurance contribution is payable to the retired member or beneficiary.

For retired reemployed members whose reemployment begins on or after July 1, 2003, the second account will stand on its own in regard to the insurance paid by the Systems.

**What If I Become Disabled?**

Qualification

A hazardous member may qualify for disability if:

- The member has at least 60 months of service credit, 12 of which are credited as current service.
- The member applies within 24 months of the last day of paid employment in a regular full-time position.
- The medical examiners employed by the Systems determine that the member is functionally incapacitated since his or her last day of paid employment from performing his or her job, or a job of similar duties.

In addition, members participating prior to August 1, 2004 who are eligible for an unreduced benefit may not apply for a disability benefit.

An incapacity must not result directly or indirectly from bodily injury, mental illness, disease or condition which pre-existed membership in the Systems or reemployment, whichever is more recent. This prohibition shall not apply if the incapacity is the result of bodily injury, mental illness, disease, or condition that has been substantially aggravated by an injury or accident arising out of or in the course of employment, or if the member has at least 16 years of current or prior service with employers participating in the Systems.

**Disability In the Line of Duty**

The 60 month service requirement shall be waived if the disability is a result of a duty-related injury. A duty related injury is a single traumatic event that occurs while the employee is performing the duties of his position; or a single act of violence committed against the employee that is found to be related to his job duties, whether or not it occurs at his job site. The person must be totally and permanently disabled to engage in any occupation for remuneration or profit as a result of a duty related injury.

**What Happens If I Die Before Retiring?**

Naming a Beneficiary

Prior to retirement, a member may name a principal and contingent beneficiary for his or her retirement account by completing and filing a Form 2035, Beneficiary Designation, with the Systems. The principal beneficiary will receive benefits in the event of the member’s death. The contingent beneficiary will receive benefits in the event of the member’s death ONLY if all of the named principal beneficiaries are deceased. A beneficiary may be one individual, multiple individuals, the member’s estate, or a trust. Prior to retirement, a member may change his or her beneficiary designation at any time by completing and submitting a new Form 2035 to the Systems.
What If I Have Time in Another State Administered System?

Members who have service in more than one retirement plan administered by the Commonwealth of Kentucky may be allowed to combine the service in the plans to determine eligibility for benefits, total service credit and final compensation (years of highest salary). Each system will pay a benefit based on the amount of service in that system.

State Administered Retirement Systems

| Kentucky Employees Retirement System (KERS) |
| County Employees Retirement System (CERS) |
| State Police Retirement System (SPRS) |
| Kentucky Teachers’ Retirement System (KTRS) |
| Legislators Retirement Plan (LRP) |
| Judicial Retirement Plan (JRP) |

$Note: KERS, CERS, and SPRS are administered by Kentucky Retirement Systems (KRS). Questions pertaining to any other retirement system should be directed to the appropriate retirement system.
What Happens to My Account If I Leave Employment?

Termination of Employment
Upon termination of employment, you have three options in regard to your retirement account: (1) retire if eligible; (2) leave the contributions in the Systems until you reach retirement eligibility; or (3) or take a refund of your account balance.

Refund of Contributions
If you choose to take a refund of your account balance, you will receive your employee retirement contributions plus any accumulated interest. You will not receive a refund of any employer contributions made on your behalf.

Payment of your refund can be made directly to you or the funds can be rolled into another qualified retirement plan. If you elect to receive a direct payment, the Systems is required to withhold 20% for federal income taxes. The amount withheld is not a penalty tax and will apply towards your federal tax liability for the year in which the refund was issued. Additional taxes due to age or other factors may also apply if you choose to receive a direct payment.

In order to process a refund of contributions, you must complete a Form 4525, Request for Refund of Contributions. In addition, a completed Form 2001, Membership Information, must be on file with the Systems. The agency reporting official is also required to submit a completed Form 2020 or Personnel Action Form listing your date of termination. A refund cannot be issued until all three forms are filed with the Systems.

Minimum Distribution Requirements
Federal tax law requires members who are no longer working for a participating the Systems employer to begin drawing benefits or withdraw contributions soon after reaching age 70 ½. If you are age 65 or older, you may wish to begin planning for withdrawal or retirement in order to avoid any applicable penalties. If you are age 70 ½ or older and no longer contributing to one of the Systems, please contact the retirement office immediately for the appropriate forms to apply for retirement or a refund to avoid substantial and recurring federal tax penalties.

Federal tax law also requires the beneficiary of an active or retired member to begin receiving benefits or take a refund soon after the member’s death. Beneficiaries should contact the retirement office soon after the member’s death to begin receiving benefits or take a refund in order to avoid any applicable penalties.

Will My Benefits Increase After Retirement?
The 1996 General Assembly enacted an automatic cost of living adjustment (“COLA”) provision for all recipients of Kentucky Retirement Systems benefits. Each year in July, a recipient’s retirement allowance is increased by the average annual increase in the CPI for all urban consumers for the preceding calendar year not to exceed 5%. The CPI is announced in January by the U.S. Department of Labor, Bureau of Statistics.

The COLA is given automatically. However, the General Assembly has the authority to reduce, suspend or eliminate the COLA in the future. The COLA is not a guaranteed benefit.

What am I required to do?

New Employee
Upon employment in a regular full-time position, an employee is required to complete a Form 2001, Membership Information, and a Form 2035, Beneficiary Designation. No benefit will be paid, including a refund of account, until a completed Form 2001 is received in the Systems’ office. Valid forms must be on file at the retirement office in Frankfort to be effective.

Change of Address
It is important to keep your address current with the Systems. Doing so will ensure retirement checks, annual statements, newsletters, and any requested materials are delivered to you on time. If you need to change your address with the Systems, please follow the procedures listed below:

• Check With the Post Office: Be sure that your correct address is on file at the U.S. Post Office. Each month, the Systems updates the address on file for you with the U.S. Post Office through the National Change of Address (NCOA) system. If the correct address is not on file with the Post Office, your address on file at the retirement office may be replaced with an incorrect address, and mail from the Systems may not be forwarded by the Post Office.

• Complete and File a Form 2040: You should also complete a Form 2040, Change of Address Notification and file it with the Systems. A copy of this form can be sent to your home address by calling the Systems or you can download a copy from the web site.
How Do I Contact the Retirement Office?
Members with questions about their accounts can contact the Retirement Office through the following methods:

By Mail
Kentucky Retirement Systems
Perimeter Park West
1260 Louisville Road
Frankfort, KY 40601-6124

All written inquiries should include the member’s name, social security number, home mailing address, and signature. If you are requesting an estimate of retirement benefits, please include all retirement dates you are considering. If you are requesting a service purchase calculation, please include the type of purchase and the necessary verification if required.

By Phone
1-800-928-4646 outside Frankfort
502-696-8800 in Frankfort

Telephone inquiries are handled by the Systems’ call center, which assists callers in obtaining services or forms and with answers to questions about the Systems. You can also make an appointment to see a KRS counselor at the retirement office or submit a request for information by contacting the Call Center.
