The program was established to assist law enforcement officials in the detection and apprehension of transporters and/or users of illicit drugs involving a Commercial Motor Vehicle. The program focuses on the development and distribution of criminal interdiction techniques to rapidly identify in-transit Commercial Vehicles and drivers engaged in criminal activity.

### Topics relating to commercial vehicles include but are not limited to:

- ⇒ Contraband Concealment Techniques

This FLETA Accredited tuition-free 24-hour course is intended to familiarize law enforcement personnel in commercial vehicles count-crime activities, tactics, and criminal interdiction techniques and update them on the current trends and patterns of commercial vehicles involved in significant criminal activity.
