

TAKE YOUR CITY FROM CYBER UNINSURABLE TO INSURABLE

BILL PIPER REGIONAL VICE PRESIDENT, VC3

Bill Piper is the regional vice president of VC3, the nation's leading provider of outsourced IT and cybersecurity services for municipalities.

Since 2009, Bill has worked in the IT industry and has been recognized as one of the 250 most influential voices in the outsourced IT industry by MSPMentor for thought leadership and content.

He has worked with organizations nationwide, and some of the most influential voices in security and technology in the U.S.

Bill's biggest endeavor in educational talks is to equip local governments to ask the right questions today to produce the technological outcomes they need tomorrow.
